SASSE COLLEGE
since 1939

Celebrating
YEARS OF
75
LEADERSHIP & EXCELLENCE

**18
19
20** DECEMBER **2014**

Dr. Edmund AGBOR
Chairman, Organizing Committee

It will be Innovative, Records-breaking and a real show of the Leadership and Excellence that depicts Sasse

It is with great delight that I bring to you the commemoration of the 75th anniversary of Cameroon's Premier College – St. Joseph's College, Sasse. Renowned for excellence, leadership and nation-building, this event symbolizes great progress in education in our beloved nation

It is also a celebration of the college's long-standing values of Excellence and Leadership which have powered the exceptional contributions of many of its products to human growth. Sasse College is the basis of the majority of Cameroon's outstanding leaders from all walks of life. Sasse's impact is global, multicultural, multi-sectorial, and multi-professional.

In celebrating 75 years, Sasse wants to commit herself to the emergence of Cameroon, by grooming a new set of leaders. Her strategy lies in elevating the current infrastructure to meet the minimum standards of a leadership academy and cultivating in Sasse boys the essential mindset and values.

This anniversary serves as a platform for Sasse to share her legacy with the world and mobilize support for her leadership ambition. Thus the organizing committee has identified priority projects and a series of strategic signature activities that cut across the nation's geography, culture, professional classes and age groups with extension to Europe, Nigeria and the Americas.

While we look forward to seeing you all in December, let's hope in the Almighty God and our Patron Saint Joseph for a trail-blazing anniversary.

Dr. Edmund AGBOR
